Travel Around the Corner

By

Ray Simon

PLEASE NOTE: Lobster report cards are due for the 2009 season no later than January 31, 2010. Find the address at the bottom of you Lobster Report Card.

With the rainfall this past month, what better way to take a break than to sign up for our upcoming diving trips. We are getting excited about the Caribbean trip to Cozumel. The trip takes place 4—11 April. This trip is an incredible week of two tank boat diving (five of them) and unlimited shore dive adventure. If you are one who loves the tropical paradise, make sure you do not miss out on this opportunity.

The following trip is the Conception 3 Day live aboard in Santa Barbara July 4th-6th. This trip is always a fun time and because of this we will do another Conception 3 day live aboard October 21-23. This is LOBSTER season!!! Your three days consist of an underwater exploration of the Channel Islands. After each dive, the boat sets off to another dive site, and sometimes a whole different island. Every location is different and unique from the one before. On these trips you can expect a lot of diving, food, and fun!

In case you forgot, Valentine's Day is on the 14th. What better way to spice things up than to sign your special Valentine up for a diving class? Our Open Water Courses are very flexible and convenient for everyone. The experience of being down in the ocean, looking around at a whole different world, knowing you are a special visitor is amazing and should not go undiscovered.

Gear. For all of these trips what better way to save some money then to purchase diving gear. PADI has decided to extend their **Free Airsource3** deal for 2010. You are able to get a free Airsource upgrade, which is a \$150.00 value, when you purchase an Aqua Lung/Sea Quest BC, Aqua Lung/Apeks regulator, Sunnto computer, sign up for the PADI Dive Society, and take any PADI scuba training course.

We have many new members to our Aquarmarines club. Remember these meetings are always a great place to meet new divers and learn of new dive spots!

Happy Diving!
