

AquaMarines

“If you work on a lobster boat, sneaking up behind someone and pinching him is probably a joke that gets old real fast.”

By Kara Aniya

AquaMarines Dive Club: I'd like to send a huge thank you to George Stauffer, our Zeagle/Pinnacle representative, for coming to the club meeting to tell the participants about the new product information. Our next meeting will be on **November 17**. We won't have any industry representatives, but we will be planning our quarterly boat dive, so come by and let us know where you're interested in going!

Sales: Holiday shopping time is here. Come in if you want to buy a loved one some scuba gear (steel tanks make great presents!). Also, if you think that you may want some scuba gear but you're not sure what would work best for you, come in and talk to our experts—they'll help you out. **Oceanic** has a great package that includes a full set of scuba gear for only **\$999**. We also have **Xcel** 7mm men's wetsuits on sale for \$259 and liquid blue **Atomic** Splitfins on sale for \$149 (regularly \$199)! Stop in to check out more sale items.

Travel: We just got back from another great trip with Truth Aquatics on the **Conception**. The visibility was about 25 feet on good dives and we all walked away with new dive buddies and lifelong memories. (And full bellies—those cooks are amazing!) If you're interested in joining us for our annual 4th of July **Conception** trip, July 3-5, 2011 or our lobster trip on **OPENING WEEK** next year, Oct. 6-8, 2011 on the **Vision**, give the shop a call. We have discounts available if you book now.

Classes: YOU CAN NOW USE TUITION ASSISTANCE TO BECOME A DIVEMASTER!! What this means, is that if you qualify (100+ on your GE, take College 101, and you haven't used your TA for a certification program) you may be able to use TA to further your diving education. This program includes classes from Open Water all the way through Divemaster, it also includes classes such as Emergency First Response Instructor and DSAT Gas Blender. If you (or any other active duty service members) are interested in this program please give us a call for more details! We'd be happy to talk you through the process.

Random Tidbits: DEMA, the industry only scuba convention, is coming up so if you're a dive professional and you plan on going don't forget to register!

TSC is now moving into the digital age.

We're on Twitter, that's right, Twitter.

This means that you can follow our news as it happens. If you were on Twitter you would have already known that we have a boat booked for the opening of lobster season next year, and you'd have already bought your ticket. Don't you feel left out? Good. To combat that feeling, follow us on Twitter!! Or Facebook, we update those statuses pretty regularly as well.
